STATE ITEMS.

LAURENS, S. O. - Capt. R. E. RICHARDSON has just been soled Clerk of the Court of Common Pleas for Laurens District. There were seven candidates.

CHESTER, S. C.-From the Standard, of Thursday, we sare that the detachment of the 30th Massachusetts Regiment Volunteers, on duty at that post for the last Mx weeks, has been relieved by Company E, 8th Regiment Regulars, under command of Lieutenant Colone

CHANCELLOB LESESNE.—The Yorkville Enquirer, of Thursday, says:

His Henev. Chancellor H. D. Lesesne, opened the Court of Equity at this place on Monday, and is disposing of men; cases that have been long upon the dockets. His Hener, we are pleased to see, has restored to the Bench a custom once in vogue in this state, that disappearee when railroads and carriages were introduced. He is travelling to the different Courts in his circuit on horseback. The circumstance will probably recall to the grey haired members of the bar many pleasant memories of the primeval period of our judiciary.

BARNWELL, S. C .- The Sentinel of Saturday thus speaks of the weather and the crops in Barnwell Dis-

We have had an abundance of rain since the month of June set in. For several days we have had delightful weather, and at night blankets were not uncomfortable. Notwithstanding such weather is calculated to injure the cetton crop, we learn that it is looking well, and that blooms and bolls are numerous. The corn crop is locking remarkably well, and everything in the shape of vegetation in the early part of the week, promised well, even the grass crop.

LANCASTER, S. C .- The Lancaster Ledger says : We are glad to hear that there has been a manifest improveare giad to hear that there has been a manifest improvement in the crops since the warm weather has regularly
set in. Upon farms which have been worked and
managed well, it is said that the prospect for crops of
corn and octton is much better than it was a short time
ago. Where farms have been neglected, by the freedmen refusing to perform their contracts, the crops are,
of course, inferior. Wheat is now being harvested, and
it is said that the yield is better, generally, than was an
itigated. The present and prospective prices of all
kinds of produce should stimulate farmers to employ
all their energy in the effort to make a good crop.

GREENVILLE, S. C .- The Greenville Mountaineer has the following items:

the following items:

The property claimed by the United States at the State Works in this place, consisting of old cannon wheels, unfinished guns, material for arms, &c., was sold yesterday at auction. The sum bid was inconsiderable, but as much as the cash price to be obtained for rather useless lumber in these peace times, so-called—if Stevens & Co. will let it be even that much.

Hammett has already inaugurated measures to stop "the plundering of packages" between Columbia and the upper termini of the road. We are inclined to think that this great evil is already checked, and that herefree there will be as little complaint of stealing on the Greenville and Columbia Railroad as on any other in the State, if not less

NEWBERRY, S. C .- The Newberry Herald, of Friday ast, comes to us in a very small sheet; from it we copy the following appeal in behalf of those who were rendered houseless by the recent terrible confiagration in

The late memorable conflagration has rendered house-less and homeless many of our citizens; among whom are a number of aged persons and widows, who are in a truly deplorable condition. Any assistance from those in town or country, who are not similarly situated, would be as "bread cast upon the waters." "There are those who go forth weeping, but they will return after many days bearing their sheaves with them."

SPARTANBURG, S. C .- The Spartan, of Thursday last,

Mr. Fredrek Hass has been appointed and commis-tioned postmaster at this place. Mr. Hass, of course, reas required to subscribe to the test cath. Major J. A. Lee, who has been our very efficient and accommodating postmaster for ten or twelve years past, now retires, being unable to take the new oath of office. All will join us in saying, that no one could have discharged the duties of this office with more perfect satisfaction to the pub to, during the long term he has held it, than Malor Lee.

IWe once had the honor of living in Spartanburg, and ake pleasure in adding our endorsement to the above tribute to Major Lux. We hope his successor will prove as acceptable to the Spartans. -EDS. NEWS.]

COLUMBIA, S. C .- Mr. J. W. DAVIDSON writes to the Enquirer: "Our Superintendent, General RALPH ELY, against whom Generals STEEDMAN and FULLERTON found fault because of sundry complications growing out of his 'running' plantations on private account, has en deposed, goes by the board with the old regime: and is succeeded by brevet Brigadier-General Mans-PREED; of the regular army. The hopes entertained of General Manspield's administration are favorable."

From the Phoniz of Saturday we clip the following

wo items:

"Attempted Rape.—As Mrs. Frank Dent was on her way to Columbia, yesterday morning, in company with her little daughter, she was assaulted in the public road, a short distance from this city, by a freedman, who salzed her by the throat, and, it is stated, made an attempt to utrage her person. The shricks of the child attracted the attention of the neighbors, when the socundrel made off, but was subsequently arrested and confined in the military jail.

Arrest of Horse Thicees.—Charles Parker and William Blizzard, suspected of horse stealing, were pursued and arrested in Charlotte, N. C., by Samuel Medlin and Jas. Power. The charge was for breaking into the stable of Joel Medlin, taking from thence a horse and mule, saddle, bridle, &c. The parties arresting brought Parker here yesterday, but being arrested by virtue of a warrant issued in Fairfield District, he was remanded to the jail in Winnsboro, as there is no District jail in Richland. The prisoner, however, will be returned to this District for trial, as the crime was committed here. Blizzard having oscaped, is still at large.

Anderson, S. C.—From the Intelligencer of Thursday

ANDERSON, S. C .- From the Intelligencer of Thursday we copy the following:

we copy the following:

We have to chronicle another exchange of troops in the conduct of this important (?) military post. The 15th Maine, or rather two companies of that Regiment, on duty here for the past six or eight weeks, have been relieved and ordered to Charleson to be mustered out out of service. We learn that Co. "1." 8th Regular Infantry, has supplied the vacancy thus orested.

To taking leave of the late garrison, simple justice demands that we should, make known the favorable opinion entertained by our otizens generally for their propriety and good behavior during heir solourn amongst us. With rare exceptions, they were excellently behaved and evinced the strictest regard for discipline and good conduct. Having served faithfully in the army, the 15th Maina did not choose to obliterate their deeds of valor by unnecessary tyranny and oppression over their re-Mains did not choose to obliterate their deeds of valor by unnecessary tyranny and oppression over their recent foes. And as one who dearly loved the cause of the South, we take pleasure in adding our testimony to the addisrly bearing of these men while quartered in this community. The officer commanding, Brevet Brig. Gen. B. B. Marray, was known to few of our citizons, we believe, but by that few respected as an officer intent on performing his duty, and nothing more. If it will be any satisfaction to members of the 18th Maine, they may rest assured that the citizens of anderson would prefer them always, whenever a garrison is deemed necessary at this point.

The pre sent garrison is bivousched near the University building, we understand.

The detachment of cavalry from the Fifth Regulars has also been relieved.

MUNDER IN THOMAS COUNTY.—On Friday night last a fiendleb murder was committed in Thomas County, Ga. The facts in the case are as follows:

Ga: The facts in the case are as follows:

For some time past an ill fee ing had existed between Mr. — Miller and several other individuals, whose names our informant had forgotten. On Saturday morning last Mr. Miller was discovered lying on his bed in his house (attnated about ten miles from Thomasville), with his throat cut from er to car. Two men were seen early the previous night to enter anh afterwards leave the house of the unfortunate man, one of tuem being a well known personal enemy to Mr. Miller.

No arrests were made, although suspicion pointed strongly to certain individuals as guilry of the marder. The deceased was buried on Sunday last.—Savannah Republican.

A FRIGHTFUL ACCIDEST.—A Paris letter says a frightful accident took place in that city in the latter part of May, on the premises of M. Aubin, the well-known manufacturer of fire-works. In consequence of an explosion at the moment when all the work people were occupied, seventeen persons—twelve wonen and over men—met their death. The bodies were extracted from the ruins in almost a carbonized state. One poor wonan was found to have given birth to an infant at the moment of the accident. The circumstance has one ated a great sensation. The Emperor immediately sent five thousand france to the families of the sufferers. He afterwards drove in person to the scene of the disaster, and was enthusissically greeted by the entire population of the neighborhood.
